LR 15, 293

SENATOR LINDSAY: The resolution is advanced. We'll now be moving to Item 9 on the agenda. Before we move there, I would ask to recognize or I would recognize Senator Withem.

SPEAKER WITHEM: Yes, Senator Lindsay, members of the body, I just want to review with you the agenda changes under Item 9 and then talk a little bit about what we will do after Item 9 is completed. At the top of Item 9, I went over this this morning, but refresh your memory if you don't have it on your agendas. The first two bills are individual senator priority bills that are on the agenda for purposes of amendment. The first one is LB 1087. Second one is LB 902. Those are not listed on your agenda. LB 140A, LB 872E, LB 188, LB 677E, LB 677AE will all stay as they are. LB 1015, LB 1275 and LB 1275A, the amendments to those have been pulled. LB 1243CA, CA, that's not...LB 1243 will be on and also LB 1088. We will stay on those for, it says until four-thirty. We're starting this a little bit late, about five o'clock we'll need to see how far along we've gotten with those and then I will be making a decision based on some input as to whether we continue with motions to return or if we return to Select File. We will be returning to Select File sometime dealing with LB 944, LR 15CA, LB 737, LB 660 and I have added, at Senator Will's request, LB 137 at the bottom of that list which probably isn't very realistic that we'll get to it, but in case we do it will be there. Again, we don't have the sense, we're kind of...this is the one day where the staff upstairs that does such a good job of meeting our needs all session long kind of does have some sort of control over where we end up because there is a time that they need to make sure all of the bills are returned properly engrossed. It won't do us any good to send a bill upstairs amended, say at nine o'clock tonight if it doesn't get returned in time to be read in. Constitutionally, every bill we have has to sit for one day on our desks, so some time between seven and eight, I wish I could give you a more definitive answer now, I can't, we'll have to see where it stands. At that time, we will switch and do Final Reading, so that's where we stand and would answer any questions you might have with that. The board now says LB 1087 is up and suggest we go ahead with the amendment to that bill.

SENATOR LINDSAY: Thank you. We are on Final Reading. Would remind the senators to stay somewhat close to the legislative environs. Mr. Clerk, items.
